Birth Plan

A birth plan is a written outline of what you would like to happen during labor and delivery. This plan lets your obstetrician–gynecologist (ob-gyn) know your wishes for your labor and delivery.

Go over your plan with your ob-gyn well before your due date. But keep in mind that having a birth plan does not guarantee that your labor and delivery will go according to that plan. Unexpected things can happen.

Remember that you and your ob-gyn have a common goal: the safest possible delivery for you and your baby. A birth plan is a great starting point, but you should be prepared for changes as the situation dictates.

Your n	name:DOB:	
Name	of your ob-gyn: OBGYN HEALTH CENTER	
Name of your baby's doctor:		
Type of childbirth preparation:		
Laboi	(choose as many you wish)	
	I would like to be able to move around as I wish during labor.	
	I would like to be able to drink fluids during labor.	
I pref	er:	
	An intravenous (IV) line for fluids and medications	
	A heparin or saline lock (this device provides access to a vein but is not hooked up to a fluid bag) I don't have a preference	
	d like the following people with me during labor (check hospital or birth center policy on the er of people who can be in the room):	
	It's OK for people in training (such as medical students or residents) to be present during labor and delivery	
	not OK for people in training	
I woul	d like to try the following options if they are available (choose as many as you wish):	
	A birthing ball	
	A birthing stool	
	A birthing chair	
	A squat bar	
	A warm shower or bath during labor. I understand that a bath would be used only for the first stage of labor, not during delivery.	
Anest	thesia Options (choose one):	
	I do not want anesthesia offered to me during labor unless I specifically request it.	
	I would like anesthesia. Please discuss the options with me.	
	I do not know whether I want anesthesia. Please discuss the options with me	
Delive	rv	
	d like the following people with me during delivery (check hospital or birth center	
policy)	:	
	I prefer to avoid an episiotomy unless it is necessary.	
	I have made prior arrangements for storing umbilical cord blood.	
_		

For a	vaginal birth, I would like (choose as many as you wish):
	To use a mirror to see the baby's birth
	For my labor partner to help support me during the pushing stage
	For the room to be as quiet as possible
	For one of my support people to cut the umbilical cord
	For the lights to be dimmed
	To be able to have one of my support people take a video or pictures of the birth. (Note: Some
	hospitals have policies that prohibit videotaping or taking pictures. Also, if it is allowed, the
	photographer needs to be positioned in a way that does not interfere with medical care.)
	For my baby to be put directly onto my chest immediately after delivery
	To begin breastfeeding my baby as soon as possible after birth
In the	event of a cesarean delivery, I would like the following person to be present with me:
	I would like to see my baby before my baby is given eye drops.
	I would like one of my support people to hold the baby after delivery if I am not able to.
	I would like one of my support people to go with my baby to the nursery.
	I would like my support person to know what shots my newborn will receive.
Baby	Care Plan
Feedir	ng the Baby I would like to (check one):
	Breastfeed exclusively
	Bottle-feed
	Combine breastfeeding and bottle-feeding
lt's Ok	to offer my baby (check as many as you wish):
	A pacifier
	Sugar water
П	Formula
	None of the above
nurse one):	ry and Rooming-In If available at my hospital or birth center, I would like my baby to stay (check
П	In my room with me at all times
	In my room with me except when I am asleep
П	In the nursery but be brought to me for feedings
	I don't know yet. I will decide after the birth.
Circun	ncision
	If my baby is a boy, I would like him circumcised at the hospital or birth center.
